WASHINGTON.

FROM OUR SPECIAL CORRESPONDENT.

WASHINGTON, June 30, 1875. THE INTERNAL REVENUE AND CUSTOMS WEIGHTS FOR THE FISCAL YEAR—EXPECTATIONS OF BENEFIT FROM THE TARIFF BILL NOT REAL-

The Internal Revenue receipts for the fiscal year ending to-day were \$109,786,398. The Secretary of the Treasury estimated them at \$105,000,000, and the Commissioner of Internal Revenue at \$107,000,000. The excess over the higher estimate is close on to \$3,000,000, which is due to taxes levied by the tax and tariff act of last win-

The customs receipts for the fiscal year ending to-day footed up at the close of bustness here this afternoon \$150, 479, 132 in coin and \$1,111,276 in currency, or a total of \$157,590,408. The Secretary fency, or a total of spin, asset. The estimated the customs receipts for this fiscal year at \$162,000,000. Fine actual receipts, therefore, are \$4,400,592 below the estimates. This estimate, it must be remembered, was in advance of the passage of the Tariff bill. It shows that the large expectations of benefit to the cus-toms revenue by this bill have not seen in any appreciable degree realized. The customs repts for this year are \$5,486,715 less than those for the fiscal year ending Jone 30, 1874. The Secretary's estimates of the customs receipts for the rusuing fiscal year are \$170,000,000; but if there is not an unexpected revival of importations there can be little hope of the receipts approximating

THE OPENING GAMES OF THE OLYMPIC CLUB OF

The opening games of the Olympic Club, of New York, were held yesterday on the grounds of the New Jersey Athletic Association, at Ridgewood, N. J. The Olympic Club is a comparatively new association that was organized last winter by a number of the members of John Wood's Gymnastum. The officers of the club are:—President, Fred. Engichart; Vice President, — Melys, and Secretary, R. A. Pennell. The games resterday were not as well attended as they would have been if the track had been nearer the city, but quite a large number of well known athletes were present on the grounds. Mr. Wheeler Philipps, of the New Jersey Athletic Association, officiated as referee. games were advertised to commence at three petitors missed the 1:45 train, it was past five o'clock before the starters in the 100 yards were brought to the scratch. New York Athletic Graydon was started first, and after an interval of five seconds Kneeland went off, followed five seconds later by Waldron. Greig had to wait seven seconds longer and Sinclair brought up the rear eight seconds later. Graydon ran a quarter and then gave up. In the mean white Greig was making good work, with Sinclair pushing hard to make up his time. They finished in the following order:—Greig, Kneeland, Sinclair pushing hard to make up his time. They finished in the following order:—Greig, Kneeland, Sinclair and Waldron, Sinclair's time was 2:98%, Greig's 2:12 and Kneeland's 2:23. Greig won the medal. Pennell and Greig then started in the quarter of a mile handlend, the former receiving eight seconds start. The handleady was a little too much for Greig, as he could never make up the gap. Pennell won by fifteen yards in 1:06. The one-mile race did not take place, and no one appeared to be anxious to meet Mr. Fairchild in that trial of endurance. The medals were presented to the winners by Vice President Meigs, who also made a lew appropriate remarks as he handed Mr. Fairchild the second prize in the contest at throwing the hammer. The next meeting of the Olympio Club will be held in the fail of this year. Graydon was started first, and after an Interva-

The steam yacht race between the Ideal, belonging to Messrs. Havemeyer, and the Lookout, to Jacob Lorillard, will take place to-day. The vachts will start at ten A. ney Island Point, thence to Montauk Point, on the east end of Long Island, and thence of the shortest route via the Sound to Fort Schugler again. The stakes are \$1,000, play or pay. The distance is about 220 nautical miles, and the contest will probably last from eighteen to twenty hours, if neither breaks down.

Steam yacht racing is this year a new seature in yachting and is attracting a good deal of attention, as people seem a little weary of the stereotyped regattas "around the lightship." The New York Yacht Chao, which now possesses a dozen bretty and swilt steam yachts, recognized this year the growing importance of this branch of the royal sport by offering a splendid prize in silver, which was won by the Luthine. It was regretted that more did not enter to test their powers, such as the Skylark, Emily and the saucyleoking little Elf, as one or two of them are said to be very last.

Yacht Rambler, N.Y.Y.C., Mr. Thomas, from New

London, passed Whitestone yesterday en route for New York.

The prizes for the Cape May ocean regatta are now on exhibition at the show rooms of the manufacturer, No. 1 Bond street.

ARLINGTON BOAT CLUB.

ITS PIRST REGATTA ON NEWTOWN CREEK. The completion or the new boat house of the Arlington Boat Club was celebrated yesterday afternoon with a regatta. The friends of the Arlington and the members of the Seawannaka the races could be obtained. The course was an almost straight mile, from the boat house at the Pirst Street Bridge to and around a stakeboat near the Blissville Bridge, thus making each race

two miles in length. THE PIRST RACH, announced to start at three o'clock, did not comannounced to start at three o'clock, did not commence until a few minutes after four o'clock, when the judge, Mr. Harry Moore, called for the contestants in the "Double scuil, seventeen loot working boat maten," and in a trice the Little Hero and the Havemeyer took position, and at the word "Go" made a fair Start. Little Hero was manned by J. Whenton and J. Hutchinson, and reached the home stake hoat in 14m. 15a; the Havemeyer, manned by R. Young and J. Rogers, in 16m. 15s.

in 16m. 15s.

THE SECOND RACE
was for thirty feet single shells, three boats taking position, though only two entered as contestants in the race-Richard Weite and Charles
Havemeyer. At the start Air. Havemeyer obtained the lead, but he capsized before reaching
the stakeboat, and his opponent, through
courtesy, ceased publing until Mr. Havemeyer was
reacued.

courtesy, ceased pulling until Mr. Havemeyer was rescued.

THE THIRD RACE.

was between two eight-wared burges, the crews being married and single men respectively. The boats used were the barges of the Sea wannaka and Arlington clubs. Both burges got off well at the start, the married men pulling a regular, even stroke, which betokened victory, while the single men seemed to pull more independently of each other than was consistent with their object. They soon got tones down to their work, and by their energy won the race. Time, 13m. 30s., the married men reaching home in 13m. 48s.

THE FOURTH HACE

was the most spirited of the regatta; it was a contest between two "pair-oared gigs." The crew of one being J. Rogers and F. Flogeon, with J. H. Bennington coxswain; the other K. Young sun T. Briggs, with C. Havemeyer, coxswain. They started off with considerators elan and kept it up till the finish, in Sm. 45s. for Rogers' boat and 9m. 30s. for Young's.

THE UNIVERSITY REGATTA.

SARATOGA, June 30, 1875. The Yale College crews arrived on this evening's train and are quartered at Congress Hall.

In the morning they will proceed to the lake and take up their quarters at the Briggs House. They are in casing of Capiani Cook and their arrival has created quite a turor in town.

The Amberst crew and the Brown University and Freshmen crews went to their quarters at the lake yearenday. Only three crews are now absent—Bowdoin, Dartmouth and Williams. Every day the crews may be seen pulling over the course and already decided opinions are expressed as to the issue of the race.
